Everyone benefits from being active for their physical and mental wellbeing, that's why making regular activity part of our residents daily lives underpins the Bewell Strategy.

Active Essex has set a target to get 1 million Essex residents active by 2021, in the Braintree District If we want to contribute towards this target we need to encourage a further 4,624 people into an active lifestyle.

We know that most people (76%) in our district do not participate in enough physical activity to benefit their health and one in five deaths in Braintree's 40-79 year olds are preventable if residents followed the Governments guidelines for physical activity. In our District over half of our adult population (67%) are classed as being overweight or obese and 33% of children leaving junior school will be overweight. Physical activity has an important role to play in the prevention of much of this. Collectively working together with our partners focusing our efforts on the priorities contained in the strategy we can have the greatest impact on our residents health.

.....

## OUR STRATEGY FOCUSES ON FOUR PRIORITIES:

### 1. MOVE

Increase activity –more people in our district being active to improve their physical and mental wellbeing.

### 2. COMPETE

Increase sport engagement – develop a high quality sport infrastructure locally to enable individuals and teams to achieve their sporting ambitions.

### 3. PROVIDE & ENABLE

The built and natural environment – we will work to ensure we have the right facilities in the right places now and in the future when our population grows.

### 4 ENGAGE & ACTIVATE

Engage and change behaviour – inspire people to make the change from inactive to active and maintain that change by building physical activity and improving diet into their everyday lifestyle.

# HOW WE WILL DELIVER THE STRATEGY

The Bewell Strategy is a four year plan which will be delivered together with our partners: Active Braintree, Active Essex, MECCG, Essex County Council Public Health & Education and Fusion Lifestyle, through the production and implementation of an annual action plan. Responsibility for shaping the strategy, delivering its objectives and monitoring its impact will rest with a steering group made up of the Braintree District Health & Wellbeing Panel. Annual delivery plans will be produced each year and these will also be monitored by the steering group.

A further review of this strategy will take place in 2019/20 for the next 4 year period 2021/25.
